

1981 Life Member Program, by Star Cruisers Club

Today we are here to honor and to thank our Life Members. We wish to give each of you a flower as a token of thanks to you who by retaining your membership have perpetuated our great organization. You have led the way and have managed to give to us a heritage of which to be proud.

Think back to the beginning. It was the night of your initiation and you were about to take the first steps into the chapter room. Then you took the obligation. The promise you gave that night was a solemn vow which you have upheld and lived these many years.

You were faithful members who truly believed that a good deed is never lost. He who sows courtesy reaps friendship and he who plants kindness gathers love. May each day of your life bring a gladness that grows and blooms in your heart like a beautiful flower.

It has been said "A life that is in tune to God is keyed to the notes of love." This must have been your creed and we thank you for adding melody and harmony to our beautiful Order. You truly are the brightest jewels in our Star, for you have been shining there for fifty years. In maintaining your membership faithfully, for these many years you become the recipients of this prestigious award of "Life Membership." We are indebted to you for the fine heritage we all enjoy.
